" Do you think your clients want to protect their framing investment ? "

Guardian Inspiration^{UV CLEAR} glass *(also available in UV single sided non glare)*

- Blocks 98% of UV rays in the most damaging 300nm - 380nm range
- Larger sheet size for economical cutting, less wastage by reducing small offcuts
- Indiscernible UV coating, sprayed UV block is super smooth to your customers eye
- Available in loose sheets for ease of access, or in a timber framed cardboard case for safe storage and movement

The **blue protective film** to the coated side enables :

- Instant & easy identification of the product in storage
- Instant & easy identification of the coated side of the glass
- Much less damage in storage from scratching etc = better cost effectiveness
- Less time cleaning, with the protective film left on the glass right up to final assembly
- No special handling, cut on your bench or wall cutter, right through the protective film

Available in :

3 sheet packs / Loose sheets 1525mm x 915mm (60" x 36")

4 sheet packs 1220mm x 915mm (48" x 36")

* Generous volume discounts

*** NEW OPTION** - Cut to size service for UV clear and UV non glare glass !

UV glass sales are valuable to your customer, easy to make, and can put more \$ into your pocket !
