Sunblok UV

## *Tudor Glass introduces Sunblok$^{UV}$ . . .*

## *. . . a breakthrough UV glass option !*

***Key features -***

- Blocks 95% of total UV light in the most damaging 280nm - 380nm range
- Minimal colour change to artwork and mats
- Sprayed UV block is relatively indiscernible
- Delivered wrapped and labeled with your order / job #

***Especially developed to apply to our convex glass, this product may also be available at some future time on CTS (cut to size, including oversize) flat glass in clear & non glare, and possibly stock size sheets.***

***The coating can be applied to :***

- Convex glass (subtle, moderate, and deep style)
- 2mm & 3mm sheet drawn glass
- Curved / bent glass
- Non glare CTS

***Possible future applications :***

- Oversize flat glass (larger than 1016mm square, longer than 1525mm dimension)
- Batched CTS glass
- Stock size sheets
- 2mm, 3mm, & thicker clear float
